Solicitor General - Ontario
Robert Runciman

Dear Mr. Runciman

I understand that the Cornwall Police are now under investigation for corruption. This is the best news in years. As you can see from my letter to Chief Repa the Old Guard in Cornwall have caused us much grief. My concern however is also with the O.P.P. and Project Truth. From my point of view Project Truth was a sham; and the O.P.P. blew their credibility big time. I don't know if you were involved but those who were have no right to treat victims as fools. Many victims abused as children then by the police will never again find the confidence to come forth; - perhaps that is part of the plan? Please do the proper thing and be sure that Const. Perry Dunlop has a major role in any future investigations. We need more police with character and not politics in mind. Thank you

Sincerely
David
