

11. SUMMARIES OF STATEMENTS OBTAINED DURING THIS INVESTIGATION (FINAL REPORT TO INCLUDE SUMMARIES OF ALL STATEMENTS OBTAINED)

STATEMENT FROM CONSTABLE M. QUINN

My only involvement in the above-noted incident is as follows:

About the first week of October 1993, Constable P. Dunlop approached me as an Association Representative. He showed me a statement and at this time, advised me that he was pretty sure that the Department was about to start an investigation into his alleged discussion of the complainant's statement with Children's Aid Society.

I was then contacted by Staff Sergeant Derochie and he confirmed that, in fact, he was conducting an investigation into this matter. A short time later, Constable Dan O'Reilly and myself were advised by Staff Sergeant Derochie that he had completed his investigation and that he had found that Constable Dunlop had not done anything wrong in discussing the statement with Children's Aid Society.

This then ends my involvement in this incident. This writer notes I have no notations of any kind involving this incident.
