SUMMER INSTITUTE HUMAN SEXUALITY

PHASE I - July 5-10

Presenter: Sandra Butler

Sandra Butler is a counsellor, writer, lecturer, and workshop leader. She is an internationally recognized authority on sexual assault, incest, child abuse, and violence against women and children. Extending her efforts beyond traditional therapeutic settings, Butler works with others to identify and reshape the institutional and social structures that diminish and victimize us.

The goal of this Phase I of the Institute is education. You will be given data pertaining to the unique dynamics of human sexuality and related issues: masculine/feminine; sex/sexuality; dysfunctional sexuality and power abuse; loneliness and intimacy.

Your focus in this phase is prayer and contemplation realized through your choice of one of three varied experiences.

Directed Retreat: A time to "Be still and know that I am God." You will meet once a day with a director. Through prayerful reflection and silence you become more deeply aware of your relationship with God and of God's call to wholeness.

Directors: Claire MacNeil, CSM
Mary MacFarlane, CSM
Ed MacNeil, OMI

* Enneagram Retreat: A retreat experience during which you will be introduced to the fundamentals of the Enneagram system of personality understanding within a faith context. You will be invited on the journey to wholeness and integration; ways of praying in, with and through Enneagram content will be presented and experienced.

Facilitator: Chris Rushton, OMI

Self-directed Retreat: A time to be with yourself and with God. A time to listen, to hope, to heal. Time, in the naturally beautiful surroundings of Galilee, to wonder and to grow in your knowledge of your Creator.
