

Teen Counselors Sought

A counselor-in-training program for this year's day camp at Sterling House Community center will be offered next month, according to Mrs. Elizabeth Fitch and Bruno Primavera, camp directors.

The program is seeking 13- and 14-year-old boys and girls, and will consist of training in camper activities and counselor training and experience.

Requirements for the special teen program include the filing of applications submitted to Sterling House by June 14, a personal interview, and enrollment in three consecutive camp weeks.

Application requests may be obtained at Sterling House, 2283 Main street.
