## *Fraternal Benefits Advisor Retires*

Brother Fred Flynn, well known Fraternal Benefits Advisor for the Knights of Columbus on the west coast of our province, retired on December 31, 2010 after 11 years of service to the Knights of Columbus. During these years Brother Flynn deservedly received recognition from our great Order for his commitment and efforts to provide financial protection and fraternal benefits advice for Brother Knights in his assigned area of our jurisdiction. Most recently, for 2010, MDRT, an international organization, again recognized him among the top one per cent (1%) of financial professionals; thus earning membership in the Million Dollar Round Table.

Once again, we salute and congratulate him on this achievement. We especially thank him for his contribution to our jurisdiction during the three terms that he served as State Council Insurance Chairman. State Council Executive and, indeed all Brother Knights in the jurisdiction of Newfoundland and Labrador, extend Brother Flynn and Catherine all the best in the future. May there be a whole new kind of life ahead for both of you, full of lots of wonderful experiences.
