

ADMINISTRATION & FACULTY

To ensure that students gain the most relevant education, DeVry University combines the expertise of seasoned education administrators and a nationwide faculty of hundreds of dedicated full-time professors plus thousands of other faculty. Together, these professionals focus squarely on making your school experience valuable, meaningful and relevant to employers' needs.

Nearly all DeVry University faculty hold master's degrees, PhDs or other doctorate degrees and bring their passion for teaching to the learning environment every day. Through rigorous training, the University prepares new professors to teach and fully supports *all* faculty in their ongoing dedication to educational excellence. Our professors rely on thorough curriculum guides to present courses and then supplement course delivery with various instructional activities geared toward students' career success.

In addition, to remain current on advances in their fields, many DeVry University faculty and administrators actively participate in leading industry professional organizations, as well as in organizations dedicated to excellence in education programs and services.

The following pages present University administrators by state and location. Administration rosters are followed by lists of full-time professors teaching within each state, and online. Faculty may teach at the graduate or undergraduate level; often they teach courses at both levels. Information on professors teaching at a specific DeVry University location is available from local staff members.

A comprehensive list of employed visiting professors who teach onsite or online is available via www.devry.edu/d/onlinevisitingprof.pdf. A comprehensive list of independently contracted adjuncts who teach onsite or online is available via www.devry.edu/d/adjuncts.pdf.
