Parish

St. Peter is an inclusive community with a **mission** to develop the spiritual potential of all students as much as their **academic** and social potentials.

Academic programs at St. Peter exist within a spiritual orientation based on the Catholic faith. The tone of the school reflects a theme of respect and responsibility, a collaborative approach to problem solving, and a community focus made up of **students, staff, parents, parish**, and the wider community.

As of means towards the development of a Catholic Graduate, the following are encouraged:

- A significant consciousness, in both teachers and students, of their responsibility to express Christian faith through what they say and do;
- Close cooperation between the home, the school and the parish community;
- An atmosphere of mutual tolerance, trust and respect;
- Positive discipline: a sense of order and student responsibility;
- A spirit of social concern: locally, nationally, and internationally;
- Strong student-teacher relationships;
- Faculty involvement in all school affairs;
- Common prayer experiences for staff and students, especially in the form of liturgical celebration; and
- Grade level retreats.

The school comes together to celebrate school masses with its affiliated parish, St. Peter-in-Chains Cathedral, led by Fr. Luis Lapinid, **and our Board Spiritual Leader, Fr. Bill Moloney**. A school chapel is also accessible to staff and students for personal reflection.

St. Peter-in-Chains Cathedral
